Editorial Manager®

Powered by: **Aries** systems

Aries Systems' Editorial Manager® (EM) is the leading cloud-based manuscript submission and peer review tracking system for scholarly journals, reference works, books, and other publications. This highly configurable workflow management system is designed to streamline editorial processes and communication while managing metadata and files.

Role-Based System

EM comes equipped with configurable role permissions.

Author

- Easily submit manuscripts with automated metadata extraction
- Act on revision requests
- Track manuscript status

Editor

- Process submissions
- Utilize a variety of quality check tools
- Assign and manage Reviewers
- Set final disposition

Reviewer

- Manage peer review invitations and assignments
- Submit review commentary
- Receive credit via Reviewer Recognition tools

Customizable Workflow, Personalized Support

Editorial Manager empowers thousands of scholarly publications to uniquely configure their workflows at no additional cost. As a trusted partner, Aries provides dedicated support by pairing every journal with an Account Coordinator (AC) to deliver personalized, high-quality service.
